HELPS PROJECT TRANSNATIONAL WORKSHOP

Ljubljana

25-26 February 2013

German Pilot Action

Date: 25.02.2013

Maria Hochmuth

**CENTRAL
EUROPE**
COOPERATING FOR SUCCESS.

EUROPEAN UNION
EUROPEAN REGIONAL
DEVELOPMENT FUND

This project is implemented through the CENTRAL EUROPE Programme co-financed by the ERDF

■ The German pilot action consists of 2 parts

1. City map of appropriate homes and home care services for elderly people and persons with disabilities
2. Innovative sample of housing design solutions for elderly and disabled persons

City map of appropriate homes and home care services

– project description

Main task: Mapping of appropriate homes and home care services and integrate the geocoded data in a web platform

Target groups: Elderly and disabled persons, players in the districts (welfare worker, housing corporations, networks, staff at the senior offices, volunteers), family members / neighbors, service and product providers including the areas living, healthcare and home care, municipal administration

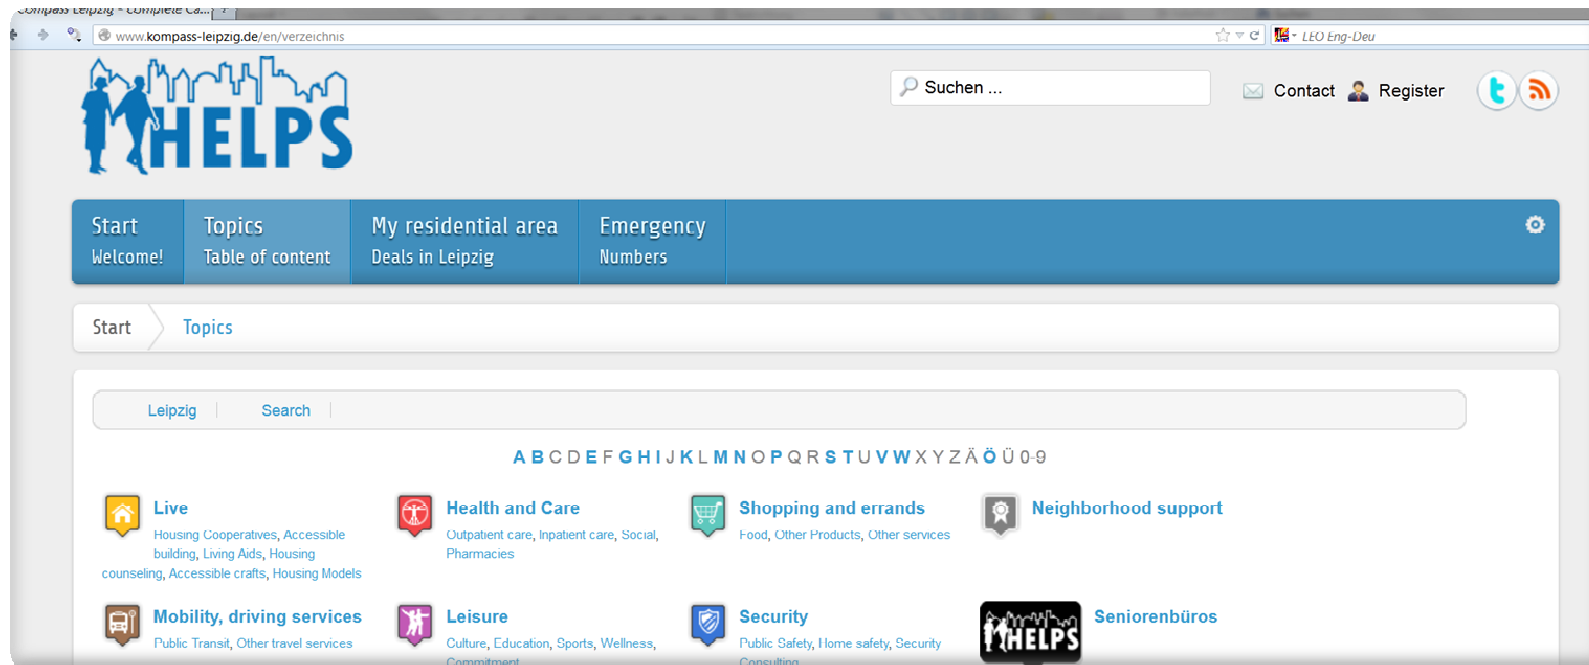

Partners: Social Services Department,
LSG, target groups

Approach: Data is stored step by step into the web portal database, together with the target groups, until a district is finished.

Advantage: *Sustainability by involving the target group!*

City map of appropriate homes and home care services – project status

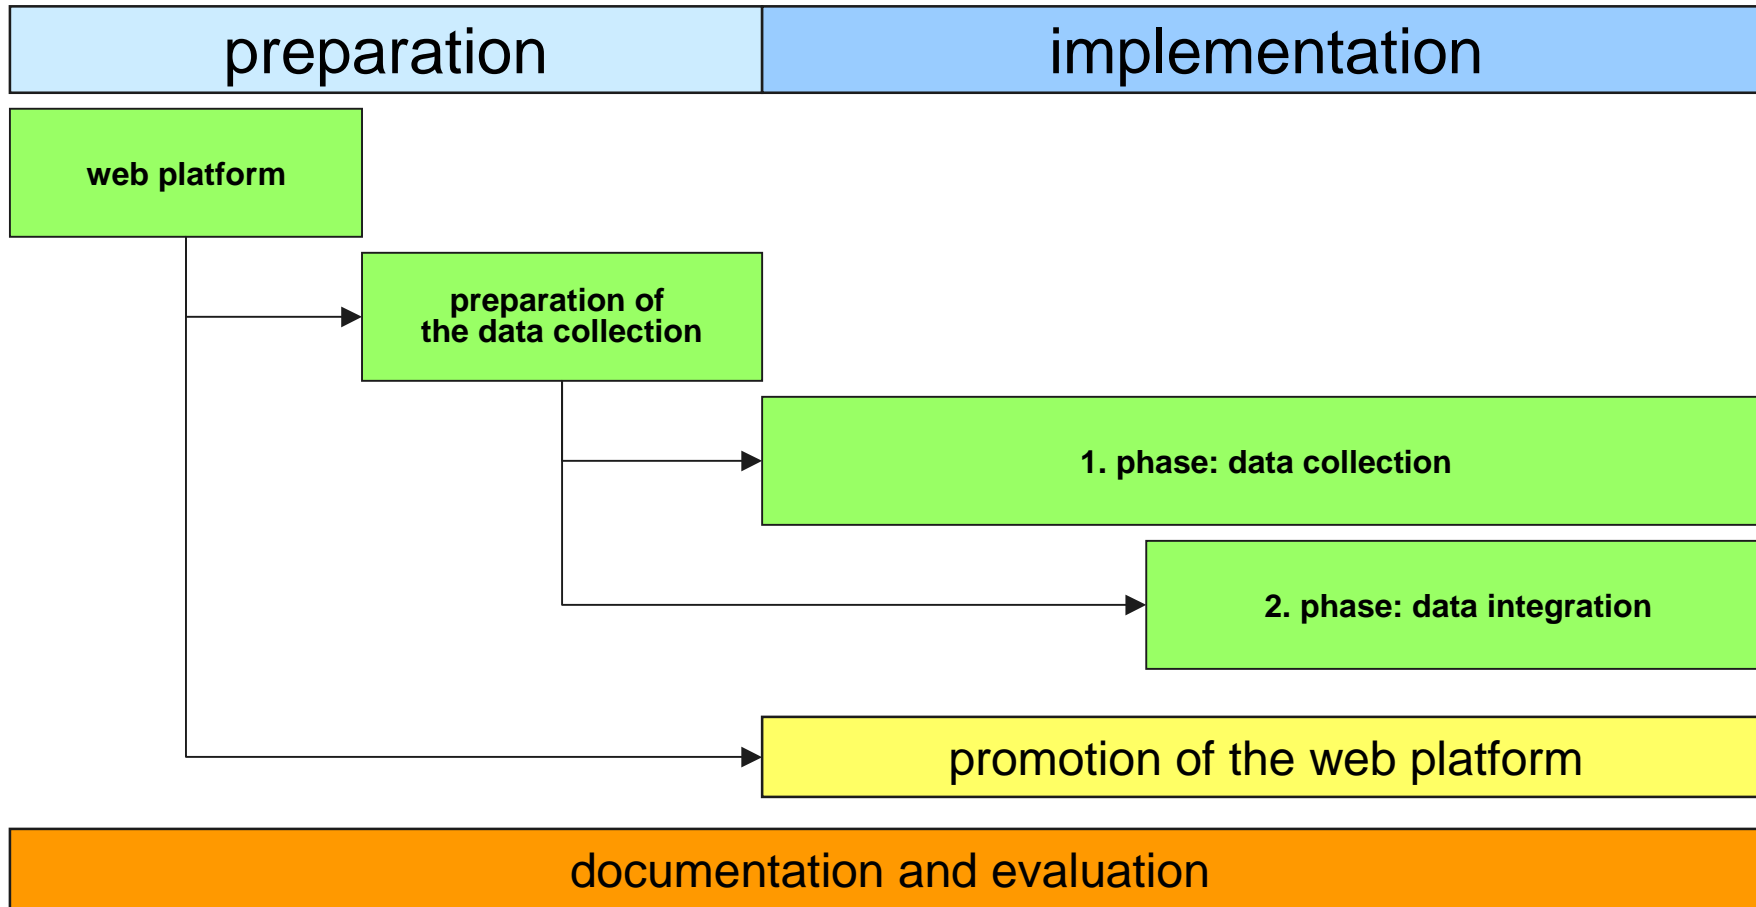

The web platform has been built.

City map of appropriate homes and home care services

– Implementation plan

12	13	14	15	16	17	18	19	20	21	22	23	24	25
September	October	November	December	January	February	March	April	May	June	July	August	September	October

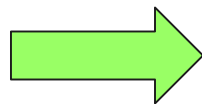

Sample of housing design solution for elderly and disabled persons – project description

Main task: Purchase and presentation of home items and furniture for elderly and disabled persons

Target groups: Elderly and disabled persons, different municipal departments, housing companies, individual owners, tenants and their organizations, social and healthcare organizations, educational institutions, general public

Partner: Social Services Department

Location: In the facilities of the municipal housing advice agency

We want to expand the exhibition to present innovative furniture and home items of an entire apartment!

Advantage: *A permanent public access including professional advice could be guaranteed.*

Sample of housing design solution for elderly and disabled persons – project status

municipal housing advice agency

Sample of housing design solution for elderly and disabled persons – project status

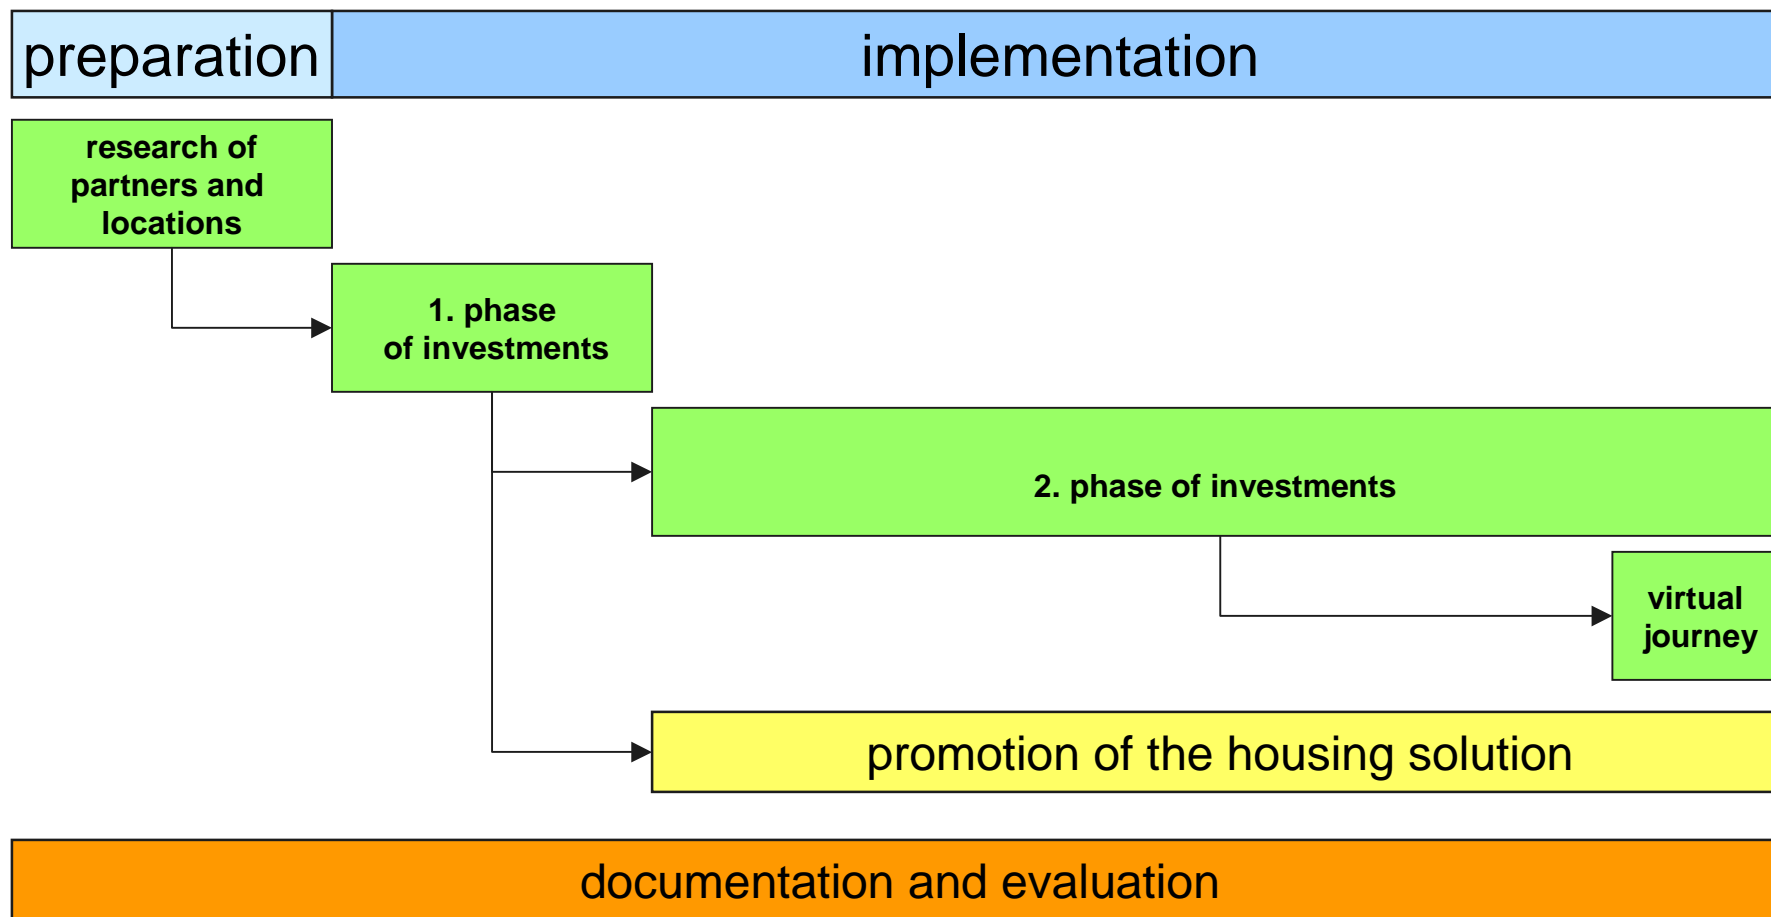

Some pieces especially of the bath interior are already shown in the municipal housing advice agency.

Sample of housing design solution for elderly and disabled persons – project status

We want to restructure the room with innovative solutions for elderly and vulnerable people to present the interior of an entire apartment !
